Fundamentals of Community Inclusion

December 9, 2019
9:00 am—10:30 am

Join Dr. Mark Salzer as he offers evidence underlying the importance of community inclusion for the health of adults with intellectual and developmental disabilities. This hour and a half webinar will cover the following topics:

- Introduction to the fundamentals of promoting community inclusion including the knowledge, beliefs and attitudes required to make it a reality
- Ensuring the use of conceptually grounded, evidence-based practices, including the development of natural supports
- identifying and addressing environmental barriers to inclusion

This webinar will feature a Q & A session where Dr. Salzer will field questions on how to make inclusion fundamentals a reality in Pennsylvania.
