

ODP Reference Manual on Community Healthchoices for Administrative Entities

Webinar

Thursday, January 7, 2021

10:00 am – 11:45 am

The Office of Developmental Programs invites administrative entities to review the newly published Reference Manual on Community Healthchoices. The manual is attached to this email, and a link is included below. A webinar will be held in January to further explain the reference manual. The registration link is below

The manual is designed to assist administrative entities in navigating technical issues in which provider issued claims overlap with the Community Healthchoices MCO enrollment period. Overlap period is frequent system occurrence, and this guidance manual was developed to avoid it.

The objective of this webinar is to develop a shared understanding of why the Office of Developmental Programs (ODP) Community Health Choices (CHC) Manual was developed. There will be an opportunity for questions at the conclusion of the webinar.
