

Thank you to all who attended the 13th Annual Pennsylvania Autism Training Conference #PATCInnovate 2020. We hope that the three-day virtual conference offered you inspiring and thought-provoking information that you can effectively utilize as we continue to navigate these difficult times and beyond.

For those of you who were unable to attend, please visit the MyODP PATC 2020 page at <https://www.myodp.org/course/view.php?id=1694>

We have posted PowerPoints and resources from the PATC presentations, as well as personal stories shared by individuals with ASD. These stories document each individual's personal experience with autism and what it means to them and their life. The collection includes Personal Stories, written by individuals with Autism Spectrum Disorder, Animated Video Stories, and Video Interviews. We encourage you to view this compilation.

If you did attend PATC 2020, and have not yet completed your evaluations, please do so by Monday, October 12. We greatly value your feedback!
