

Reminder for all AAW and ACAP Behavior Specialists and SCs – New QuestionPro Link for PRE

This is a reminder to all Adult Autism Waiver (AAW) Supports Coordinators, AAW Behavioral Specialist providers, and Adult Community Autism Program (ACAP) Supports Coordinators and Behavioral Health Specialists to **use the new QuestionPro link to enter Periodic Risk Evaluation (PRE) assessments, effective July 1, 2020.**

The Periodic Risk Evaluation (PRE) tool and resources were updated in June 2020. A communication ([Announcement 20-064](#)) distributed on June 2, 2020 announced the revised PRE tool, resources, and training. During this time, the old QuestionPro link to the PRE tool remained open to allow for a period of transition.

Effective July 1, 2020, the new QuestionPro link is mandatory. The old link will be deactivated on June 30. The PRE QuestionPro link can be accessed at:
<https://pre2020.questionpro.com>

The revised PRE manual, resources and training are now posted on MyODP. Only new users of the PRE are required to take the new training before entering a PRE in QuestionPro, although all users are encouraged to view the training. Users who completed the original training will not be issued new certificates. The PRE training and resources can be located on MyODP at:
<https://www.myodp.org/course/view.php?id=705>

After consulting the resources, if there are additional questions regarding this announcement or the PRE process, questions can be sent to ra-basprovidersupprt@pa.gov. Please include "PRE" in the subject line.
