

Dear Colleagues,

Today we wanted to share a training opportunity from the Administration for Community Living (ACL) and the Centers for Medicare & Medicaid Services (CMS)

ACL and CMS host a monthly webinar series that invites subject matter experts and practitioners from across the home-and-community-based services (HCBS) spectrum to share insights and best practices to develop high quality HCBS services and programs.

**ACL/CMS Webinar 1/14/21: Reducing Food Insecurity and Nutrition-Related Chronic Diseases During COVID Among Medicaid HCBS Beneficiaries**

Food insecurity is growing among Medicaid HCBS beneficiaries as the COVID pandemic enters 2021. Many beneficiaries facing food insecurity also suffer from nutrition-related chronic diseases such as obesity and diabetes.

This webinar provides HCBS stakeholders with resources they can use to ensure long-term success in addressing food insecurity; and invites them to consider referring beneficiaries to education and supports to manage often complex and long-term needs.

**Thursday, January 14, 2021, at 3:00 - 4:30 pm ET.**
