## PA's Assistive Technology Programs & Services

*Technology makes things easier for all of us but for people with disabilities, technology makes things possible.*

Learn all about TechOwl PA; PA's Assistive Technology Act Program helps Pennsylvanians with disabilities get access to the technology they need. We'll learn about assistive technology programs and funding sources. Some of these programs provide technology at no cost!

Our guest speaker is Christina Chamberlain, RESNA ATP, Assistive Technology Coordinator at Community Living and Supports Services in Pittsburgh. Christina is the regional contact person for TechOwl PA and serves Allegheny, Beaver, Butler, Indiana, Lawrence, and Westmoreland Counties.
