

# How to Access Licensing Information

Step 1. To access Licensing information, first click on the Services and Supports Directory on the HCSIS home page: <https://www.hcsis.state.pa.us/hcsis-ssd/ServicesSupportDirectory/ServicesSupportHome>. Then click on “Providers” in the menu on the left.

**Welcome to the HCSIS Services and Supports Directory**

The HCSIS Services and Supports Directory is a tool for individuals with mental retardation, their families, and circle of support to locate services and service providers in the Commonwealth of Pennsylvania. The directory can help you locate particular service providers or search for services and supports provided in an individual's community. This directory does not include information on all providers but only of those that have chosen to be listed in it. This directory also provides information about specific services funded by the Office of Developmental Programs (ODP) under the home and community-based waiver programs. For more information about the Office of Developmental Programs (ODP), you can visit their official website at the following link: [ODP Website](#).

This directory reflects information entered by providers in your county. It does not necessarily reflect the availability of services in a given county. Please use this directory with your Supports Coordinator to find services and supports for yourself and/or your family member.

The buttons on the left side of your screen are found throughout the Services and Supports Directory. Click on these buttons with your mouse to navigate to one of five areas in the directory.

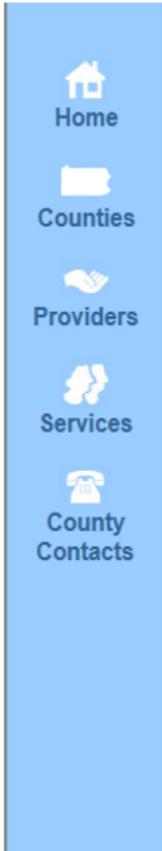

- Home** - The home button returns you to this page.
- Counties** - The counties button allows you to select where you live on a map of Pennsylvania. From there, you may search for services and supports near where you live.
- Providers** - The providers button allows you to view a searchable directory of all the individuals and agencies that ODP funds to provide MR services in Pennsylvania.
- Services** - The services button takes you to information about services and supports. From there, you may search for services and supports near where you live.
- County Contacts** - The contacts button leads you to contact information for MR professionals in your county.

A button labeled "Service Definitions" is found in the top right corner of every screen. This lists the available services and supports with specific description for each of them to help you choose the right option.

Any item that is underlined is a direct link to that section. Click on the underlined words to go to that section.

# How to Access Licensing Information

Step 2. Choose a provider of interest.

Use your mouse to select the first letter of the name of the individual or agency from the index below. Clicking on a particular letter will show you a summary of all names beginning with that letter. If you are looking for a provider that does not begin with a letter, you will have to search under the 'OTHER' link. This gives you a listing of all the names that do not start with a letter.

## How to Access Licensing Information

The screen shows “There are no certified service locations for this provider” when licensing doesn’t apply to the provider selected.

The screenshot shows the HCSIS (Home and Community Services Information System) interface. The header includes the HCSIS logo and the title "Services and Supports Directory". A left-hand navigation menu contains icons and labels for Home, Counties, Providers, Services, and County Contacts. The main content area displays the title "Certified Service Location List - EMPLOYMENT 1ST LLC" and a message stating "There are no certified service locations for this provider". A link labeled "Back to Provider Demographics" is provided below the message.
